

Sing to Bring Us Together

SMALL GROUP

As I appear on the sea

And as the wind carries me

I will reach my hand

Out to the darkness yearning for what can be

Alto(I wanna know)

As I appear on the sea Alto (I wanna see)

And as the wind carries me

I will reach my hand

Out to the darkness yearning for what can be

I wanna know who I am

ALTO

Across a river

Across an ocean

S2 ooh---

ooh---

S1 a river

an ocean

Across time I will journey

To find a reason, to seek an answer

ooh---

ooh---

To grow hope in my heart

ooh---

Sing to Bring Us Together

I am dreaming,

I am searching

ooh---

ooh---

I'm gonna find a way

I am hoping to find

A reflection, a connection

ooh---

ooh---

I see a reflection, I feel a connection

That we all can see

I sing to bring us together

I hope our song is forever

Through oceans and time we will hold out our hands

We sing to bring us together, we sing. (s2 and A-I'm gonna
sing of Beauty)

Through the distance, I am reaching

ooh---

ooh---

I'm gonna find a way-----,

Through mountains to climb.

Sing to Bring Us Together

A reflection, a connection

ooh--- ooh---

I see a reflection, I feel a connection

Of joy we can be

I sing to bring us together

I hope our song is forever

Through oceans and time we will hold out our hands

We sing to bring us together, we sing. (I'm gonna sing of
Beauty)

We can move mountains in our way if we learn how to rise
above,

Raising our voices we will sing of the hope that we all share.

we sing to bring us together... X2

Last time: We sing (let's rise above)

We sing (let's sing our song)

We sing (we sing together)

We sing!
